Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: AUGUST 26, 2008

Comments must be submitted by September 30, 2008.

My biggest concern regarding the sale of the A T & E railroad is the impact this will have on all of our neighborhoods regarding grade level crossings. All access will be hampered for emergency vehicles. This will also impact school buses & cost our already economically stressed school districts.

I live in an area just south of the railroad tracks on Harlem Ave. We have no water or fire hydrants. Should anyone in our area have a fire we would not be able to have it contained as all area fire trucks must be brought in for water. This is very real & scary. There is no access for miles & miles via an underpass or overpass.
