The Honorable Anne K. Quinlan, Esq.
Acting Secretary
Surface Transportation Board
395 E Street, SW
Washington, DC 20423

Subject: CN Railway Company/EJ&E, STB Finance Docket No. 35087

Dear Secretary Quinlan:

I would like to draw your attention to the need to support CN's plan to purchase a portion of the Elgin, Joliet & Eastern rail line. Relocating a majority of the railway's freight traffic to this existing line encompassing the Chicago area would significantly benefit the Chicago area.

The trains passing through Berwyn are a constant source of irritation as well as danger. The trains not only constantly cause delays for regular car traffic; they also cause dangerous delays for ambulances and other emergency vehicles. This is unacceptable and a sufficient cause by itself to gain support for the plan to relocate the freight trains.

While I can see the financial sense in moving goods via train, I can see no sense in endangering people and causing delays so often that being late becomes a fact of life.

I hope you will see the sense in CN's plan and recognize that after so many years the times have changed and our communities have grown to be too large to share space with the railroads. Support CN's plan and help alleviate the congestion throughout the Chicago region.

Sincerely,

A handwritten signature in cursive script that reads "Diane Esposito".
