Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

This is a disastrous idea! Those of us who live near the tracks are already affected by the noise of 4 trains daily. I can't imagine the horror of 10 more daily. And it's not just the noise of all those trains but the effect on traffic on both Rts. 14 & 59 which are already almost impossible. Also Lake-Cook Rd. will be affected. Traffic backups on these highways will cause people to be late to work, miss catching commuter trains, upset kids at the high school, and make life miserable for all who live in this area. The City of Chicago will no doubt be happy to have these trains taken out of their area but it's not fair to foist them on us!

Please re-consider this idea. It is a terrible idea.
