Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am a sophomore at Barrington High School. Last year two students, one a junior, the other from my class, were killed by trains. In our town many students walk in / around town across these tracks and the danger of increasing the amount of trains is greater because of the number of people in this town. Traffic will also cause extreme problems getting to and from school and train accidents do not need to be an issue. If the amount of trains increases there is a greater chance for accidents and deaths of my classmates and we will be unable to use our town.

YOUR INPUT IS IMPORTANT!
