How will CN's proposed acquisition of the EJ&E impact you?

Directly! Most important is safety. Safety of children at school, parks, homes, etc. Knowing that emergency vehicles will not be able to get to their destinations. Hazardous waste will at some point be spilled. Are we as residents not important enough because we are less in number? Every individual is important. This proposal is not acceptable for any area. It increases the chance of danger at any point. Plus our homes. These homes were not built to handle the large ~~increase~~ increase of ~~trains~~ trains, their increased speed, and increased length. Homes will get structural damage. As home crumble from top to bottom, their value ^{decrease} and communities decrease. The money into the towns will ^{decrease} be directly effected. ^{I will decrease} ~~There are not enough~~ underpass/overpass areas to handle the increase in traffic congestion. There ~~is~~ is not any sound barrier large enough to keep the sound
