I just wanted to, and I also work up at McCarty Elementary School at 3000 Village Drive, Aurora, Illinois 60504. My concern is with this, if this acquisition does goes through, which I'm hoping it doesn't, just the amount of increase in the number of trains and the safety issues for all the area drivers, the delays in, the driving times for the commuters that are going back and forth and need to cross over the railroads all the way up and down the Eastern, or the Elgin, Joliet, and West Company lines, it would be tremendous. Again, the biggest thing for here is the safety, the amount of vibration, the noise level for all of the surrounding subdivisions and communities that live along the railroad would be emense and so again, I hope the vote does not go through with the acquisition to the Canadian National Roalroad Corp. Thank you
