Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

This draft/proposal is bad for not only
Barrington but for all communities affected.

If these trains are allowed to increase
it will "shut down" Barrington on numerous
fronts/locations. Children will be delayed/
late getting to school.

Property values will decline dramatically
causing Barrington businesses to close
and the town to become a bunch
of closed-up, vacant buildings.

It is bad, bad, bad all the way
around. People and communities MUST
come before big business. This country
was founded on people's rights and
having a better land in which to
live. This increase in trains will have a
negative impact on our environment,
our quality of life and go against
all that our country stands for.
STOP THE TRAINS!

YOUR INPUT IS IMPORTANT!
