RE: CN Railway Company/EJ&E, STB Finance Docket No. 35087

Dear Secretary Quinlan:

I would like to express my support of CN Railway's proposed acquisition of the EJ&E line in order to combat rail congestion in the Chicago area. With this purchase, CN will be able to move forward with their plan to reroute many of their freight train routes that are currently contributing to the overcrowding of Chicago's railways to the less congested EJ&E line.

I am a resident of Berwyn and the traffic caused by rail congestion in my area is immense. On a regular basis, I have to take various alternate routes in order to avoid traffic delays. It can be extremely frustrating - especially when one has to make it somewhere by a certain time.

CN's plan to reduce rail congestion will have a positive effect on the residents of the Chicago area by allowing for a better flow of traffic. I support this plan and I urge you to give it your approval. Let's improve transportation in Chicago.

Yours Truly,

Edward Koran
