RE: Ross Corthell – Candidate for Large Shipper position on RSTAC (Docket EP 526, Sub-No.13)

Dear Members:

We are writing in support for Ross Corthell to fill one of the Large Shipper vacancies on RSTAC.

Ross Corthell is Vice President of Transportation for Packaging Corporation of America (PCA), the 3<sup>rd</sup> largest producer of both Containerboard and White Paper in the U.S. He has extensive logistics experience across all transportation modes, with rail chief among them.

We have worked with Ross in his present capacity as Rail Chair for the National Industrial Transportation League (NITL) and know him to be very fair minded, thoughtful and data driven, and a good facilitator of discussion. He has represented both PCA and NITL in STB and U.S. House T&I proceedings, earning the gratitude of various stakeholders in the process. Ross's deep subject matter knowledge combined with his willingness to listen and learn will make him a great resource for RSTAC.

We hope you will strongly consider Ross, as we have great confidence in his ability to speak from the perspective of Large Shippers and contribute meaningfully to RSTAC's mission.

Sincerely,
