Justin Pearson
Regional Manager, Economic Development
BNSF Railway
801 Main Avenue
Fargo, ND 58103

Dear Justin:

Northwest Drywall & Roofing Supply has signed a lease in the new Glacier Rail Park and has begun the relocation process. As part of our relocation agreement we have quit claimed our right to receive rail service to the City of Kalispell and have begun receiving rail cars at our new facility. Accordingly, "from where the sun now stands" we will no longer receive rail cars at our location at 160 8th Avenue WN, Kalispell, Montana, and we finally and forever relinquish all right and privileges of receiving rail transportation services to that location as well as any rights to assign such rights and privileges to any party. We support the abandoning of the rail line in downtown Kalispell as part of the Core development plan.

We are grateful for the support your railroad has given us in this relocation process and we look forward to continuing to be your customer in our four locations in Montana, including our new facility in the Glacier Rail Park.

Thank you,

A handwritten signature in cursive script, appearing to read 'Pamela Mower'.
