Greetings,

My name is Steve Vance and I am the Tribal Historic Preservation Officer (THPO) for the Cheyenne River Sioux Tribe, located in South Dakota.

Our Tribe has a strong interest in the government-to-government consultation process for any and all proposed construction activities on the Wolf Mountain Battlefield. Our ancestral territories as Lakota or Sioux ranged from the Big Horn Mountains in Wyoming to the Mississippi River and from parts of Canada to Oklahoma. We know that in those areas there are burial sites along with Traditional Cultural Property (TCP) belonging to the Lakota people.

Other Lakota Tribes like Standing Rock Sioux Tribe, Rosbud Sioux Tribe, Sisseton Sioux Tribe, Yankton Sioux Tribe, Pine Ridge Sioux Tribe may also have interest in proposed projects within this land base. THPO's from those Tribes should be contacted.

If you have any reports of findings from the Class I, Class III and windshield surveys please send them to the address below.

Consider this our interest in being a consulting party to the Section 106 process.

Steve Vance, Tribal Historic Preservation Officer
Cheyenne river Sioux Tribe
PO Box 590
98 South Willow Street
Eagle Butte, SD 57625
