As a 21 year resident and business owner in Barrington, Illinois I want to go on record as being opposed to the increased freight train traffic being proposed for the EJE rail line.
Why am I opposed to this proposal? :

1) Public Safety - blocking grade crossing will increase E/R vehicle travel times and put our many children who travel by bus to school at increased risk

2) Traffic - our traffic in Barrington is already at critical levels and blocking our main roads with 20-40 more trains a day will only make the situation worse

3) Environmental Issues - Noise, pollution both by trains and idling cars waiting to get through crossings will negatively impact Barrington

4) Quality of Life - See Above!
