Docket # FD 35952 Great Lakes Basin Transportation, LLC Project

To all it concerns:

Please, please after your
due consideration do not
allow the Great Lakes Basin
Railroad to proceed.

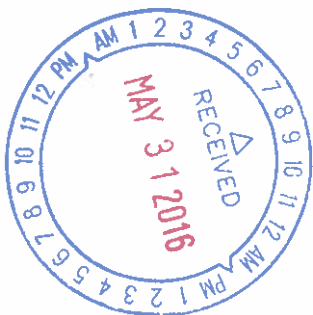

After researching this
project we don't feel Frank
Patton has done his research
on the devastating effect
his vision of a railroad will
be on the farming industry.
He doesn't seem to understand
that it's NOT open space to
be used for his profit.

Very sincerely,

Docket # FD 35952 Great Lakes Basin Transportation, LLC Project

To all it concerns:

Take a look at C.R.E.A.T.E
which has studied and worked for
years to help the congestion
around Chicago + is making
progress with it's plan to
minimally impact yet speed
up rail delivery.

Please say NO to GLBT!
They certainly have not studied
their impact on the food
producers in this prime
soil area..

Docket # FD 35952 Great Lakes Basin Transportation, LLC Project

To all it concerns:

If GLBT is allowed to proceed with their rail plan, many farm families will lose their livelihood. Farming is a business and way of life..... for many they work very hard and receive a small amount of compensation (at today's prices) for their input.

Vote NO to GLBT.
