

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 9-2-08

This will cause increased train traffic leading to safety problems for the children & school buses that must cross the tracks.

Help in case of emergency may be cut off.

Quality of living will be reduced

Value of property will plummet, making the already bad housing market even worse

Americans tax money used to benefit others.

Increased moist & air pollution

Danger to human life & other life forms of flora & fauna.
Because of the types of freight being transported
