Hello,

I am trying to get in touch with Edward L. Bell regarding MHC # RC 44156. I would like to know if the SHPO has made any determinations regarding the abandonment of service over Lowell Industrial Track in the Surface Transportation Board's proceeding in AB 32 (Sub No. 85X) AB 355 (Sub. No 37X). I would like to determine what our next steps are including any potential adverse effects from the proposed action.

I am telecommuting today and can be reached today on my cell at 240-446-5086. Otherwise, please contact me on my office phone at 202-245-0293.

Thank you.
