County M was used by emergency ambulance
6 years ago - The gentleman's heart was stopped &
restarted at the site (County M + Emerald Grove Rd)
Ambulance then transported him to Mercy
Hospital - his heart stopped beating en route
Trauma center shocked him & he is living today
only by few seconds (2 min) If there is no
bridge on M many lives are at risk for
emergency help. If a train ^{today} held up traffic
coming or going that night he would not
be here today

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
