Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date:

8/27/08

Comments must be submitted by September 30, 2008.

There are too many negative impacts on
our community - Barrington.

① Safety at the crossings - extremely dangerous
for all of our students crossing 2X daily.

② Cost for transporting these students

③ Emergency response time impacted greatly

④ Danger to our water supply - we are supplied
by wells NOT Lake Michigan

Cost if we needed to improve the crossing - we do
not benefit from this.

Business would suffer economic impact from
the congestion of traffic - people would travel
into Barrington to frequent these businesses

There are no positives to this acquisition.

There are many flaws to the DEIS Statement.

YOUR INPUT IS IMPORTANT!
