**Transcript:**

I think a purchase of CN of the EJ&E Railway would effect our quality of life in New Lennox extremely and in many different ways. It would affect 5 crossings that we have in our small town and many people moved to this small town to have a little peace and tranquility and with the abundance of the freight trains going through, if this proposal goes through it would be very inefficient for our well-being. So I'm definitely against Docket # 35087. Thank you very much.
