Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The traffic congestion that approval of the CNR acquisition of the EJ+E would result in for the Village of Barrington would be intolerable and unjustified. No attempt to remediate through underpasses or overpasses would be sufficient during the construction remediation phase. Safety concerns over traffic tie-ups are paramount - loss of life cannot justify economic advantage to CNR. Property value deterioration cannot possibly be adequately measured or compensated. This acquisition should not and must not be approved under any circumstances.

YOUR INPUT IS IMPORTANT!
