STB Finance Docket No. 35087

Environmental Impact Statement

Date: 9-2-08

Comments must be submitted by September 30, 2008.

The fact that CN is only willing to commit 50 million for rail crossings is ridiculous. That won't even cover 1, and to relieve traffic, we would need at least 10. Our state has NO money and the federal govt. certainly won't fund this.

CN is a foreign company looking to increase profits at our expense. Why would we do that? US citizens should be more important, and we elect your board.

We left the traffic and congestion of rural Chicagoland for open spaces and a different life. This will ruin our way of life. We live for most of the city to avoid this very thing.

YOUR INPUT IS IMPORTANT!
