Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date:

Comments must be submitted by September 30, 2008.

We live about 200 yards from
the intersection of the E&E tracks and Otis Rd.
For 27 years we have heard each
train blow its whistle three times. We
complained but to no avail - it was
a safety issue we were told - Then.
about (six) months after CN made its
proposal a small yellow sign was placed
just below the Railroad Crossing sign - It
said (No Train Horns) And the Whistles Stopped.
We were glad, But, this is an example
