OEA served an Environmental Assessment (EA) for this proceeding on November 18, 2011 for public review and comment. In the EA, OEA did not recommend any environmental conditions and concluded that the proposed action would not significantly impact the quality of the human environment. In a November 17, 2011 letter to the Board, the Lafourche Parish Government requested that the Board impose both Public Use and Interim Trails Use conditions.

The EA comment period has ended and no new comments have been received. No conditions are recommended by OEA. Accordingly, OEA believes that the proposed action will not significantly affect the quality of the human environment.
