

# Environmental Impact Statement

# Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 9-10-08

I support the purchase of the E J & E RR.  
by CN Rail Co.  
If the congested rail traffic is so. Holland, IL  
must be relieved. Public safety is a problem.  
Noise + long rail delays are a nuisance  
and tend to degrade our quality of life.

Further, I find that lack of federal government support of our community, i.e. Joni Jackson, Dick Durbin and Barack Obama to be an insult and a dereliction of their elected duty. —
