Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date:

8/24/08

Comments must be submitted by September 30, 2008.

To Whom It May Concern,

In my opinion with the major
increase in train traffic the
Barrington Area will suffer in two
ways.

① Who will want to live here if
we cannot get to work to school or
to the medical facilities
the area will lose its appeal &
the tax base will decrease

② Who will want to invest in
the Barrington Area business community
when people cannot get to the
stores

If you are so naive to believe that
the car will not increase trains
often the best is clear that
the concept of maximizing your profit
is not clearly understood

YOUR INPUT IS IMPORTANT!
