Martin J. Oberman, Chairman
Surface Transportation Board
395 E Street, SW
Washington DC 20423-0001

Re: Request AB 167 1195 X

Dear Mr. Oberman,

It is my understanding that the Surface Transportation Board (STB) is currently reviewing a request submitted by Consolidated Rail Corporation (Conrail) to sell underutilized segments of their property in Kline Township, Pennsylvania. If approved, the Township intends to utilize the land for water and sewer infrastructure.

Kline Township has an aged low-pressure system with significant deterioration, cracks and vegetation overgrowth. The development of new water and sewer lines is necessary to ensure safe, reliable water infrastructure to the community, as well as providing a source of water for fire protection in the villages of Haddock and Lofty.

I respectfully request that you review this request at your earliest convenience to ensure that Township residents have access to reliable water and sewer infrastructure for generations to come. Your attention to this is appreciated.

Sincerely,

Pat Toomey
United States Senator
