 Message:

I am writing to voice my opposition to the proposed acquisition of the EJ&E Railroad by Canadian National Railway. The EJ&E Railroad bisects Indian Prairie School District #204 from north to south. This railway currently has 5 grade crossings within our district. The proposed increased traffic on this rail line will create unsafe traffic conditions for students traveling to and from our schools. This is especially true of the grade crossing on Ogden Ave, near the school district's Waubonsie Valley High School. The rail line will also abut our new high school that will be built along the eastern side of Eola Road just south of Diehl Road. The increased train traffic will negatively impact the school and it's athletic fields. I urge you to deny this request without doing further impact studies and/or having plans and funding for improving grade crossings.
