Public Hearing

I am disappointed to hear the first 21 speakers say that the DEIS report is greatly faulted ~~from~~ after they read it! I would think that CN would have made every attempt to answer questions to the satisfaction of the citizens & businesses that are to be impacted should the EJ&E rail line be purchased & operated by CN. Does CN think we, who will be impacted, are not concerned? Please read my & my fellow citizen's comments from this public hearing. We are concerned - it is our community that we take pride in & will not invite CN through our community. CN lacks respect through its lack of answers.

YOUR INPUT IS IMPORTANT!

thank you for your help.
