Re: Docket No. EP 526 (Sub-No. 17), *Notice of Railroad-Shipper Transportation
Advisory Council Vacancies*

Dear Ms. Brown:

Grand Trunk Corporation, on behalf of the U.S. rail operating subsidiaries of Canadian National Railway Company (collectively, "CN"), respectfully nominates Robert "Buck" Rogers, CN's Vice President Petroleum and Chemicals, for a three-year term as a large railroad representative on the Railroad-Shipper Transportation Advisory Council (RSTAC).

Buck has over 15 years of experience with CN and is a U.S. citizen. The portfolio of products under his supervision at CN currently includes petroleum and chemical products. He provides leadership to his team with the mission to work closely with CN customers to find solutions for every dimension of their transportation business.

Buck has held various positions during his career at CN, including most recently as Senior Director Mechanical Planning and Transformation when he supported network operations with mechanical oversight, short term mechanical planning, long term planning, and material planning. He has also served as Assistant Vice President Sales and Director of Sales for Petroleum and Chemicals.

Buck is based out of CN's U.S. headquarters in Homewood, Illinois. Before he joined CN, he was Rail Coordinator/Sales for Vulcan Materials Company in Kankakee, Illinois. Buck's rail career began more than 30 years ago as a car loader, conductor, and eventually a locomotive engineer before transitioning to supply chain logistics. He presently serves on the Railroad Transportation Committee of the National Industrial

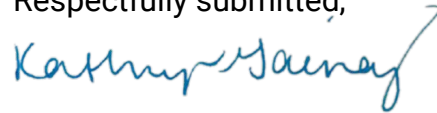

Transportation League as well as on the Board for the National Freight Transportation Association. Buck is a United States Air Force veteran and he holds a master's degree from the University of Denver in Supply Chain Logistics.

As a representative of a Class I with both domestic and international focus, Buck would provide RSTAC with broad perspective and knowledge on trade and industry perspective, both domestic and international.

CN agrees to be responsible for Buck's expenses incidental to service on RSTAC, including any annual dues that RSTAC members agree to assess themselves to support RSTAC's expenses. Buck is aware that RSTAC members receive no compensation for their service on RSTAC, and he is willing to serve as a member effective immediately upon appointment should he be selected.

Please do not hesitate to call me if you have any questions.

Respectfully submitted,

Kathryn J. Gaaney
