Dear Sir,

I respectfully ask that as you evaluate and consider the CN project, you focus on the very serious safety issues which will be created with dramatically increased traffic on the EJ&E tracks through the Barrington area. The crossings are so close geographically that virtually all the routes to Cook County Hospital could be closed for ambulances, as well as fire trucks, at the same time. Life and property will be put at significant risk for greater periods of time each day.

Thank you,

Surface Transportation Board
