Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 9/1/08

Comments must be submitted by September 30, 2008.

I oppose the increase in rail traffic for the following reasons:

1. cost of mitigation should be paid by CN not the U.S. tax payers.

2. CN's new port will reduce the business the US ports on the West Coast receive.

3. CN will cause a reduction in US. freight company traffic. Thereby creating a lack of competition for u.s. trucking businesses.

4. CN's trains will increase the noise and vibration pollution.

Stop them! Please.
