Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/26/08

Comments must be submitted by September 30, 2008.

I am concerned about the following issues

- Safety - I am on "the other side of the tracks from the police dept and a passing train could double the response time - perhaps a life + death ~~det~~ issue. Fire protection will be in the same category of concern

Prop. Value - My Mortgage will be more than the value of my home

Environmental - the noise pollution will go up significantly. Also - I am very near the railway and I am very concerned with the possibility of a toxic spill and our inability to properly prepare for that potential / eventual event

Traffic - This Area already in gridlock and has severe economic implications

Don't take away our community!!

YOUR INPUT IS IMPORTANT!
