

Dear Victoria J Rutson,  
Finance Docket No. 35087

Apr. 20, 2008

Please do not allow this sale without looking into limited access, slow response times for emergency vehicles to our neighborhood. Not to mention vehicle traffic that would increase in and around the area, noise and air quality along with vibration from these additional 22 plus trains that would be allowed to pass through.

And who's to say that they would only allow 28 to 31 trains per day, they could just be saying that and then plan on sending more trains.

Our property values are being reckoned with, please consider all of these and more before considering a sale to our neighbors north of us.

Thank you,

Kevin M. Wiltz
