Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8-27-08

The village of Barrington will grossly be affected by the increase RAIL TRAFFIC, IF C.N. HAS THE RESOURCES TO PURCHASE THE EIT+E. BUILD THE NEW PORT IN WESTERN CANADA, WHY ARE THEY REFUSING TO TRY AND MITIGATE THE PROBLEMS IN BARRINGTON.

the TRAFFIC is BAD enough. AS is without more TRAINS. getting Around is TOUGH. The PROPERTY VALUE of the Town will Be Lowered Due To 24 hrs A DAY TRAINS, NOISE TRAFFIC. we HAVE A quiet TOWN, good PROPERTY VALUES, SUBJECT TO lower VALUE BECAUSE of the INCREASED TRAIN TRAFFIC

A month or so ago Route 14 crossing was closed for repair + maintenance - the traffic back ups were a mess.

A good Portion of Residence Travel to work on the Metra.
Now there are DELAYS caused by the EJE crossing Metra.
Pot more TRAINS thru the Area cause more DELAYS for ALL
commuters.
