Message:

I respectfully request that the STB Board reconsider the merger between CN and EJ & J. The negative ramifications to our community are huge. This rail line is one that thousands of students must cross each day in order to reach the elementary, middle and high school. The majority of students attending LZHS must cross one or two tracks twice each day in order to reach their school. As these young people are not accustomed to such rail activity and the impact of the lengthy delays that will ensue, I am certain it is a recipe for DISASTER! Without an overpass, our town will come to a virtual standstill. I am concerned about the safety of our young people. Just ONE car/train accident will be one too many. There is no justifiable reason for allowing CN to take over the lines without significant additional infrastructure that will show their willingness to be good neighbors to the towns they are going to impact. Please reconsider the need for significant additional infrastructure requirements before passing approval for this merger. Many thanks Tammy Cunnion
