Transcript:

I'm calling in opposition of the acquisition of the railroad. Our streets, our roads are very, very congested now, if there is even just a little construction project, there's a flagger that holds us up for like 30 seconds it's backed up already. Will County cannot handle, our infrastructure cannot handle this backup. Our roads have not been improved for the population density and this will only add further to our problems. Any questions, you may contact me at 815-725-7437. But I am definitely opposed to this. Thank you
