STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board.
It must be submitted by February 1, 2008.

I live very close to the EJ & E tracks. I am
a senior and this complex I live in is a senior
community. I am concerned about the pollution,
hazardous materials transported and the noise.

Many residents have heart & lung problems and
this would only aggravate their medical
conditions.

Many main & busy streets in Matteson will be
blocked by this increased freight traffic, which
could cause delay in emergency vehicles who have
to use these thoroughfares.

Therefore, I am opposed to CN taking over this
railroad.
