How will CN's proposed acquisition of the EJ&E impact you?

I love trains! I've traveled and commuted via rail many years. Rail commerce is necessary and should be increased. HOWEVER, significant improvements in infrastructure are key so that the increase doesn't disturb the ~~life~~ lives of residents in communities affected. I see no dollars being spent in the Northwest suburbs for improvement.

Our town, Barrington, IL, will literally be at a standstill with the volume proposed. Safety is a real concern as the community's hospital is north of the tracks and a significant population is south.

~~Adversely~~

Thank you for allowing us the opportunity to comment.
