Re: Ref: STB Finance Docket No. 35087

Dear Ms. Johnson-Ball:

It has been brought to my attention that if the a particular railroad service (CN) will be coming through New Lenox, Illinois causing traffic commotion throughout our town. I commute via the Metra line and it would cause a considerable inconvenience for any commuter to try to reach their destination on a timely basis. Please take this into consideration for our town before any final action is taken in providing our railways for use by this company. Thank you.

Sincerely,
