City: \* Wayne  
State: \* IL  
Zip Code: \* 60184-  
Email Address: \* freds@eassales.com

Group/Affiliation:

Message: I am a resident of Wayne, IL and I am greatly concerned over the proposed purchase of EJ&E railroad by Canadian National. This purchased would significantly change the landscape of our community and more importantly have a negative impact with regards to the safety of our community.  
The negative effects are numerous:

Increased Train Traffic  
Increased Hazardous Material that would affect our drinking water if an accident occurred (our entire community uses well water).  
Large geographical areas would have no access for emergency vehicles because 2 major roads would be blocked simultaneously by long trains  
Adverse effects on wildlife (plants and animals) in the nearby Forest Preserves  
Adverse effects on the many domestic animals that are part of our community  
Significant increases in the noise levels to a small quiet community

We must ask why CN is more important than the thousands of people and hundreds of communities that will be affected by this.

Please help us with the fight to stop CN from changing and endangering our Community.
