Message:

I am writing to voice my opposition to the Canadian purchase of the rail line that is not very far from our neighborhood. As it currently stands, we hear trains and their accompanying blaring horns during the early morning hours, which occurs regularly, and which I would like to add, given the distance we live from the track, is quite loud. I am not the deepest sleeper in our family, but I can tell you that it has woken me up and if I happen to be up on a weekend night, I can assuredly tell you that you cannot miss the train horn as it sounds its warning. The last thing we need is to have this overnight occurence dramatically increased throghout the night/morning due to the purchase of this rail line. I am voicing our strong opposition to this. Please inform the deciding parties of this opposition.

Kind Regards,

Daniel Nave
