**Draft Environmental Impact Statement for the  
Proposed Canadian National Railway Company  
Acquisition of the Elgin, Joliet and Eastern Railway  
Company**

**STB Finance Docket No. 35087**

Please do not allow Canadian National Railway to acquire the EJ&E Railway. Our town of Lake Zurich has many schools that back some directly to the railway tracks! How can this acquisition even be considered! This is a VERY DANGEROUS idea! Not to mention our library which many children walk and ride there bikes to every day of which they must cross tracks to get to. This is very scary to me and many parents. How dare they (CN) come in, bully us, and ruin our quality of life and put our children in danger. Not only is this dangerous but it is also affecting our real estate values already! We've already had one developer pull out of a deal because of the proposed acquisition of CN. The congestion in our town is already bad this will ~~it~~ make it unbearable! This also will probably eliminate the possibility of our town ever getting a commuter rail service something we have been working on for years!
