Dear Director of Proceedings,

I am strongly objecting to the Townline Rail Terminal, Docket #FD36575. I am a long time resident of Kings Park, New York 11754. The community is very concerned about the environmental risks to our neighborhood. The potential water and ground pollution, the excess noise and odor will wreak havoc on our homes and families. We have always enjoyed living in this lovely small town and now we are totally disgusted with the potential health hazards this will create. We count on our politicians to hear our concerns and do what is best for our families, our livelihood and our environment.
Thank you for your attention to this crucial matter.

We have served a copy of our comments to all parties on record of the service list.
