Message: This proposal will ruin our property values and quality of life. There are thousands of new homes in our area that will be affected. Three crossings will be blocked to traffic including emergency vehicles and school buses. The trains that go by now blast horns at all hours. This is a single track that ten years ago when I moved here was used by a coal train only. This will turn into a blighted area with trains constantly using this track. Move the plans around heavily populated areas and put in new tracks rather than destroying our peace and property values.
