STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

Barrington is a beautiful community where we have chosen to raise our children. We are very concerned about the negative impact increased train activity will have on our community. Some of our main concerns include increase risk of train accidents, delays on emergency vehicles and school buses, pollution, noise and overall frustration caused by congestion.
