Re: Docket No. FD 36472 *CSX Corporation and CSX Transportation, Inc.-Control and Merger-Pan Am Systems, Inc., et al.*

Dear Ms. Brown:

I am John Chen, Senior Direct of Traffic/Administration with Inteplast Group Corporation, located at Livingston, New Jersey, USA.

Inteplast Group (a major N.A. plastics products manufacturer) uses the Springfield Terminal Railroad Company ("Springfield Terminal") to originate and terminate traffic at our facilities for movements within and outside of New England. The merger of Springfield Terminal into CSX Transportation, Inc. ("CSXT") will expand the single-line railroad service at our facilities.

Inteplast Group looks forward to the improved service that we will receive from CSXT following the approval by the Surface Transportation Board (the "Board") of the merger of Springfield Terminal into CSXT. COMPANY welcomes the level of infrastructure investment that CSXT has deemed necessary over the past several years in order to implement its dynamic operating model that has resulted in CSXT setting new standards of service performance with higher velocity, faster equipment turns, and greater consistency. We also look forward to availing ourselves of the unprecedented visibility into our supply chain through the ShipCSX platform that will enable us to track and manage our shipments with much greater precision and confidence.

Inteplast Group will explore and implement new supply chain solutions and market opportunities with the CSXT Sales and Marketing team. We expect to enhance our competitiveness through lower costs, better service and improved access to the North American rail network through single-line CSXT best-in-class rail service.

Inteplast Group supports the proposed merger and requests that the Board expeditiously approve the acquisition of Pan Am Systems and its subsidiaries by CSXT.

Sincerely yours,

John Chen

Cc: CSX Transportation, Inc.
