A 2 mile train would cover all our intown railroad crossings at the same time.

You have a very important

Job !! Please help us. Other towns have had the infrastructure to handle C.N. traffic.

Our lives may be in jeopardy because of CN's wanting to buy the EJ+E railroad. In Barrington

- ① 800 School bus crossings a day plus pedestrian & student drivers
- ② Police, fire trucks and ambulances unable to get to those in need.
- ③ Ground water (our only water supply) and noise and pollution
- ④ Economically - we as a small town, and our state and our USA gov't, cannot afford to pay for an overpass or underpass. Businesses are already leaving town because of rumors of a sale to C.N.
