I am writing to you about my opposition of the CN railroad acquisition of the EJ&E. I do not feel that the American taxpayers should pay for this type of railroading by a foreign corporation.

I want to explain my deep disapproval of what the CN railroads are planning to do with the increase of railroad cars to up to 20 times per day. I have lived in the Barrington area for over 10 years and have children in this school district. The traffic on Lake Cook Rd is so terrible now when the high school and two other middle schools are dismissed. I cannot see anymore congestion in that area without having to consider safety issues. The majority of the travelers on that road are our children and moms driving back and forth for sporting events and activities. Please don't put these communities in jeopardy like that. We are also concerned about the noise and pollution from this increase of railroad cars. **PLEASE FIGHT FOR US AGAINST THE CN RAILROADS!!!** The Barrington and Hoffman Estates area supports you 100% and asks you to fight for us about the issue that has our community in upheaval.

Thank You Very Much!!
