Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 08-27-08

Comments must be submitted by September 30, 2008.

This is the most ridiculous proposal I have ever heard. Its bad enough that it ties up Rt 14 but it also ties up Rt 59 and traffic is at a standstill. Not only at a standstill but also long, long lines of traffic.

How does an ambulance or fire truck get thru over the train tracks to save lives. Just trying to get to church or the grocery store is a hassle.

Does the railroad think they are the only ones on a schedule?

These are just a few of the comments I have against this plan.

YOUR INPUT IS IMPORTANT!
