How will CN's proposed acquisition of the EJ&E impact you?

Very concerned about getting fire
and police service and ambulance
service in the time necessary to save
lives. If rescue vehicles have to wait
too long for freight trains people
can't be helped on a timely basis.

I.E. stroke, heart attack victims - my daughter
needed an ambulance a few mths ago because
she couldn't breathe - what if they had
to wait at a RR crossing?

Safety of hazardous material transported
all the time greatly concerns me.

Traffic Congestion - people will use Old
Henry & Rand Rd much more - they are
already congested!
