Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

- ① Why is it that CN & the STB can not figure out a way to limit TRAIN TRAFFIC on all lines that go through populated AREAS.
- ② There has to be a way to make it work for everyone. SPREAD the TRAFFIC out (TRAIN). If it is so efficient to haul by rail, then going into low populated AREAS should not be a problem.
- ③ Home values in Barrington and its neighbors will drop. to go from 4-6 TRAINS per day to 25-30 will MAKE our AREA a less desirable place to live.
- ④ You can not devastate one AREA to help other AREAS. Again if it is to be more efficient & SPREAD it out.
- ⑤ You are our Government here to protect our rights. Please do so.
